[christine.altmann@gmx.com](mailto:christine.altmann@gmx.com) | 07727161154 | N19EZ London

## PROFILE

I am a strong communicator with a '**get-things-done**' **attitude**. My diverse background in tech fuels my passion for problem solving and technical challenges.

I am **particularly interested in** the interplay of a web applications layers, algorithms and optimising performance.

## EXPERIENCE

### FULL-STACK DEVELOPER - FOUNDERS AND CODERS | 2019

Highly-selective 18 week intensive coding bootcamp covering full stack JavaScript technology and real project experience with a focus on cooperative learning

### PROJECTS

[Plantbase-Me](#) - 1 design sprint, 2 x week-long sprints

Crowd sourced review app for plant-based products

**Role:** QA & Developer

- ensuring code quality and test coverage

**Node | Express | Handlebars | Tape | PostgreSQL | CSS | Supertest | 3D Animations**

[Generation Change](#) - 1 design sprint, 2 x week-long sprints (WIP)

Web app that connects educators to local social action projects for young people.

**Role:** Dev Ops & Developer

- exploring and deploying infrastructure

**React | Netlify Lambda | SASS | Cypress | Jest | Airtable | API's**

### CLIENT PROJECT MANAGER AT QUBIT | 2018 - 2019

- Managing cross-functional teams and the end-to-end **delivery of website personalisation roadmaps** and A/B testing for customers in retail and travel

- Developing a strong understanding of our clients **website infrastructure** while facilitating technical enablement

### ACHIEVEMENTS

- Demonstrating **initiative** and **ownership** when leading and overseeing the launch of the company's global SaaS technical support function.

**RESULT:** 50% improvement on ticket avg. resolution time within the first half year of implementation

- Project managing Qubit's **largest managed services customer**, (contract value of 250 days) has taught me a **holistic approach to website projects** and their governance

### DIGITAL PROJECT MANAGER AT DIG | 2016 - 2018

- Responsible for delivering **digital marketing** services to a portfolio of enterprise and corporate customers across retail publishing and software
